

PS236

Windows®. Life without Walls™. Getac recommends Windows 7.

FULLY RUGGED 3.5" HANDHELD

MIL-STD 810G and IP67 certified

Microsoft Windows Mobile® 6.1 / Android 2.2

3.5G WWAN

RS232 Serial Port, USB OTG & SDIO / SDHC Slot

Field swappable long-life Li-Ion battery

Embedded high sensitivity GPS receiver

3 Megapixel auto-focus camera

Android or Windows Mobile.

The PS236 is offered in two distinct configurations, Android 2.2 or Windows Mobile 6.1, providing you with a wider range of uses and applications across utility and field service sectors.*

GIS Ready.

The PS236 rugged handheld is built with an e-compass, altimeter, integrated GPS and a G-sensor accelerometer that can measure speed, vibration and rotation. These features open the door to countless application possibilities, making it ideal for GIS surveying and other GPS mapping-based applications.

Plenty of Storage.

Every PS236 comes standard with 4GB of internal storage and can be upgraded to 20GB simply by adding a 16GB SDHC card.**

Built to Survive™.

In addition to IP67 certification, which protects against dust and allows the unit to be water-proof up to one meter, the PS236 is independently certified to MIL-STD 810G standards, and can operate in temperatures from -22°F to 140°F.

Sunlight Readable Display.

The PS236 features a 3.5 inch display specifically designed for viewing in direct sunlight. The display uses a special multi-layered touch sensor that registers pressure, allowing you to keep your gloves on - perfect for using in cold or hazardous environments.

3 Megapixel Camera.

The PS236 features a built-in 3-megapixel camera with autofocus and a LED flash - perfect for GIS mapping.

Specification subject to change without notice. Battery performance will vary based on software applications, wireless settings, power management settings, LCD brightness, customized modules and environmental conditions. As with all batteries, maximum capacity decreases with time and use and may eventually need to be replaced by a Getac service provider. Battery life and charge cycles vary by use and settings. Battery life may be reduced in subzero applications.

* Windows OS and Android OS are different PS236 models and are not interchangeable. OS must be chosen at time of purchase.

** For storage, 1GB = 1 billion bytes; actual formatted capacity less.

*** Weight is without 3G module. Weight varies by configuration and manufacturing process.
