

CR3600

FOR RETAIL PROFESSIONALS

Performance Characteristics

Focal Point	Approximately 100 mm
Target Beam	Single, blue targeting bar
Shock	Withstands multiple drops of 6' (1.8 Meters) to concrete
Power Requirements	Reader @ 4.2vdc (mA): Typical = 179 mA; Peak = 331 mA; Idle = 101 mA; Sleep = 25 mA
Memory Capacity	128MB Flash ROM, 32MB RAM
Number of Scans	Up to 30,000 scans per full charge
Communication Interfaces	Bluetooth (Class II)
Warranty*	2 years

Accessories

- Battery Cartridge
- Charging Station with, or without, an embedded Bluetooth Modem
- Quad Bay Battery Cartridge Charging Station
- Free Software Development Kit

Physical Characteristics

Palm Reader Dimensions	1.4" H X 5.1" L x 2.0" W (36mm H x 130mm L x 51mm W)
Handle Reader Dimensions	5.6" H x 5.1" L x 2.0" W (142mm H x 130mm L x 51mm W)
Palm Reader Weight	5.5 oz (155.9 g)
Handle Reader Weight	6.9 oz (195.6 g)
Display Resolution	128 x 128 (RGB)
IP Rating	54

User Environment

Decode Capability	1D: Codabar, Code 11, Code 32, Code 39, Code 93, Code 128, Interleaved 2 of 5, GS1 DataBar (RSS), Hong Kong 2 of 5, Maxtrix 2 of 5, MSI Plessey, Pharmacode, Plessey, Straight 2 of 5, Telepen, Trioptic, UPC/EAN/JAN Stacked 1D: GS1 Composite (CC-A/CC-B/CC-C), MicroPDF, PDF417 2D: Aztec Code, Data Matrix, Micro QR Code, QR Code, Han Xin Proprietary 2D: GoCode® (Additional License Required) Postal Codes: Australian Post, Intelligent Mail, Japan Post, KIX Code, PLANET, POSTNET, UK Royal Mail
Field Selection	High Density or Wide Field
Time Stamp	Real Time Clock
Data Editing	JavaScript

* Warranty period is specific to North America and EMEA

The must-have, do-it-all barcode reader for retail.

The brisk pace of retail operations demands a reliable, powerful barcode reading solution that can virtually do it all. The CR3600 is that solution. Its advanced performance enables users to effectively and accurately scan, distribute and manage data in real-time; promoting high levels of workflow efficiency and ultimately, positive customer experiences.

Leveraging the proven reliability of Bluetooth functionality, the CR3600 aggressively decodes both 1D and 2D barcodes and displays scanned data on a color screen for instant access. Now, data collection, inventory management, sales tracking, and many other applications are more secure and more efficient than ever. And because multiple applications can be created and loaded onto the reader, users can move between workflows with the simple touch of a button. The CR3600's innovative, multitasking capabilities makes it possible to consolidate workloads from multiple scanners into one, cost-effective barcode reading solution.

Applications

- Data capture and transfer
- Age verification
- Sales and invoice tracking
- Inventory management
- Warehouse workflow optimization
- Scan to print

FEATURES AND BENEFITS

Bright Color Display Screen gives instant visibility to scanned data; the keypad supports direct data input ensuring the CR3600 will outperform in inventory management, scan to print, and age verification applications.

Lightweight Palm and Handled models offer both compact and ergonomic options for use in a variety of retail environments and workflows.

Battery Status LEDs display battery life with the push of a button. Depleted batteries can be quickly swapped out to avoid workflow interruptions. Cartridges can be used interchangeably between palm and handled models.

Good Reads Confirmed with audible, vibration and LED feedback; users always know when a “good” scan has occurred.

High Speed Omnidirectional Reading combined with intuitive bright blue targeting, for quick and accurate reading of 1D, 2D and Postal barcodes.

Programmable Buttons make customizing the CR3600 easy to meet the exact needs of a retail workflow quick and easy. Switch applications, simulate keystrokes, take a picture: the options are endless.

Rugged and Durable IP54 plastic housing protects the CR3600 and a retailer's investment. Built to withstand multiple drops to concrete the CR3600 can be deployed in any high-use, challenging environment.

Feature Rich, Patented Technology such as Code's Anti-Glare function increases first pass read rates to keep the checkout lines moving when presented with mobile coupons, barcodes printed on shiny surfaces and more.

Custom Driver License Formatting is as simple as downloading CortexTools, Code's easy-to-use reader configuration tool. Populating loyalty forms, credit card applications and more, has never been easier.

Never Lose a Reader with the built-in paging option. The CR3600 can be quickly be located when misplaced on a retail floor or warehouse.

Bluetooth Enabled for quick and easy pairing to tablets, laptops and other Bluetooth enabled devices, including mobile printers.
